

Red Cross Quota Exceeded by Hamlin

Under the able direction of Mrs. Weldon Carlton, Beta Sigma Phi of Hamlin completed the 1950 fund campaign of the American Red Cross. The town was divided into zones and almost everyone was given an opportunity to contribute on the opening day of the drive.

The Hamlin quota of \$907.00 was oversubscribed on opening day, but due to the lateness of the return of some of the solicitors, the final count was not available in time for publication last week.

Thinly Clad Pipers Begin Intensive Work for Meets

Track training at Hamlin High School is progressing in accepted fashion after the Friday trial meet staged at Haskell between five of the representative teams from this area.

Outcome of the trials, which bears no weight in the final standing of the schools in the district meets, left Hamlin in third place in points scored. First places chalked up to Hamlin's credit were Asa Goodgame in the high hurdles, W. T. Stapler in the half mile run and the Piper quartet in the mile relay.

Particularly gratifying to Coach Burditt was the time clocked for the mile relay by the Hamlin four. Despite the fact that it was the maiden effort of the season for this squad they were clocked in 3:49 for the four laps and this is only slightly over a second slower than peak form achieved by the team over the full stretch last year. Improved form in starting and baton passing should trim the time in this event to a peak where victory could be almost certain against the field.

The 880-yard run turned in by Stapler was only two seconds slower than his best performance of last year and additional training and pacing practice will assure a marked improvement in this clocking.

The squad will journey to Haskell again Friday to engage Haskell, Albany, and Seymour in a four-way meet that will demonstrate the extent of improvement accomplished during the week that has elapsed.

March 18 will find the Pied Pipers in Brady for the annual meet, and Hamlin will be defending possession of the first leg of the two mile relay cup they brought back from there last year. The Pied Pipers are particularly fortunate that they are possessed of a rarity in track—an abundance of athletes who like to go the distance on the cinders. Usually high school squads are overbalanced with boys who seek their fame in the dashes and leave the torturous grind of the distance races to the more stalwart brethren.

Additional gifts are continuing to come in. Contributions to date total \$1170.00 and the Hamlin total will probably exceed \$1200.00.

Those helping with the drive other than club members were: Mesdames Ed Decker, Weldon Johnson, Bill Shira, Garland Preston, Jimmy Irwin, Teddy Russell, Don Gould, Fred Smith, Art Newcomb, R. E. Brown, J. E. Walton, Harry Carmichael, Henry Albritton, Cecil Sellers, W. H. Eysen, John D. Ferguson, M. S. Johnson, Ed Rodgers, W. I. Parker, and Roy Serven. From Colored Town: Gertrude Wells, Bessie Sheffield, and Steve Morgan.

Club members participating were: Mesdames John F. Green, Jr., president; Jack Russell, vice-president; George Poe, recording secretary; J. N. Burditt, corresponding secretary; W. T. Johnson, treasurer; Joe Douglas, reporter; Austin Poe, program director; Weldon C. Griggs, sponsor; John C. Bryant, Stanley Carmichael, Lowell B. Cure, S. C. Ferguson, Jr., Charles C. Gardner, C. M. Gudger, E. J. Hawkins, O. T. Kelly, Bob Nunley, Kenneth Parker, E. D. Perrin, Clifford Reynolds, Jr., O. R. Riddel, Perry Sparks, Jerry Waggoner, H. T. Wilson, Miss Billy K. Lancaster, and Mesdames Pat Marlow and J. D. Hymer who are members at large.

Reports from other sectors over the county indicate that Anson was over its quota of \$968. Monday figures showed a total of \$1001.00. Stamford has \$1450.00 of its \$1677.00 quota.

Funds Drive Chairman Jack Russell issued a plea Monday for rural chairmen to complete their solicitations and submit their reports for a definite windup of the campaign.

Hamlin Club Boys Win Places in Show at Abilene

Continuing their winning ways, Hamlin Future Farmers of America walked away with several awards last week-end at the Abilene Fat Stock Show.

John Gregory showed the reserve champion heavyweight capon as well as taking first in the heavyweight capon class.

James Brigham's heavyweight barrow won first honors in that division. Byron Hutton took the second spot and James Bowman won ninth in the same class.

Brigham won fourth and tenth places, in lightweight barrows. Brigham won third and Dutton took fifth in the same class.

Besides Gregory's first and reserve championship for capons, James Bowman took fourth in the lightweight single class, seventh in the heavyweight singles, and eighth in the pen of three birds.

James Brigham also took third in the heavyweight milk-fed calf competition.

Gordon Bennett To Feature Meet With Book Review

Gordon Bennett, former superintendent of Hamlin Schools, will furnish most of the program when the Hamlin local chapter of the Texas State Teachers Association meets in the high school auditorium next Tuesday evening for the regular meeting. Meeting time is 7:30 o'clock.

Mr. Bennett, assistant to the president of McMurry College in Abilene, will review Peter Levin's book, "Seven by Chance or the Accidental Presidents." Mr. Bennett suggests that the book be read, not for pleasure, but for reference to American history. He will discuss briefly careers of John Tyler, Millard Fillmore, Andrew Jackson, Chester A. Arthur, Theodore Roosevelt, Calvin Coolidge and Harry S. Truman.

The public is invited to attend this meeting of teachers, according to Mrs. Austin Poe, reporter for the group.

ROYAL ROMP . . . Princesses of Sweden and Denmark romp at Haga castle. While Sweden's Christina (right) plays hostess, Benedikte and pooch play in the snow and Anne-Marie looks on.

Anson is Scene of County-Wide 4-H Club Round-Up, National Event

As a local observance of National 4-H Club Week, Jones County boys and girls are having a county-wide 4-H Round-Up to be held in Anson's Memorial Hall Friday, according to the county agents.

A highlight of the program will be the coronation of the County 4-H Club King and County 4-H Club Queen. Each boys' club has nominated a candidate for king and each girls' club nominated a candidate for queen. Votes for the candidates are a penny each. The boy who has the most votes will be crowned king, and the girl with the most votes will be crowned queen.

Candidates include James Ray Cox and Connie Ruth Graham of Lueders; Alfred Barker and Emilie Simpson of Hodges; Derry Moore and Clara Frances Hill of Noodle Junior Club; Burl Dillard and Katherine Herron of Noodle Senior Club; Clayton Morrow and Lois Sealy of Hawley Senior; A. C. Waulks and Judy Hudson of Hawley Junior; Jack McCaleb of Anson Junior; Marion Shelton and Judy Rountree of Avoca Junior; Fred Shelton and Sylvia Plumlee of Avoca Senior.

Money taken in on this contest will be used to further 4-H Club work in Jones County in the way of recreational programs and educational trips.

A summary of the reports from the county extension agents in

School Board Sets April First As Date of Election

Terms of Tarlton Willingham, president and Johnnie Agnew, are expiring and April first has been set by the board as date for holding of an election to pick successors to these men. The board members other than these two men desire to retain them in office and took no action on request of Mr. Agnew that he be replaced in the interests of his candidacy for county commissioner. However, Secretary C. C. Bailey was instructed to accept filling until March 25 of candidates to fill the vacancies.

Other members of the board are C. C. Bailey, secretary; A. Spencer, Eddie Jay, Ed Dodd, and LaFoy Patterson, vice president.

C. E. Ball, Jr. Reports To Celotex In Chicago

C. E. Ball Jr., who recently graduated from Texas University at Austin, majoring in mechanical engineering, has reported for work with the Celotex Corporation in Chicago, Illinois, in the engineering department, after visiting with his parents, Mr. and Mrs. C. E. Ball of Hamlin.

His wife and young son are visiting her parents in Knox City until such time as he is able to secure living quarters in Chicago for them.

350 Expected at Chamber of Commerce Banquet Tonight

County Indicates Lack of Political Fervor This Year

Jones County folks just are not so 'hepped up' in politics this year. That is, the picture looks that way if poll tax payments are to be taken as an indicator.

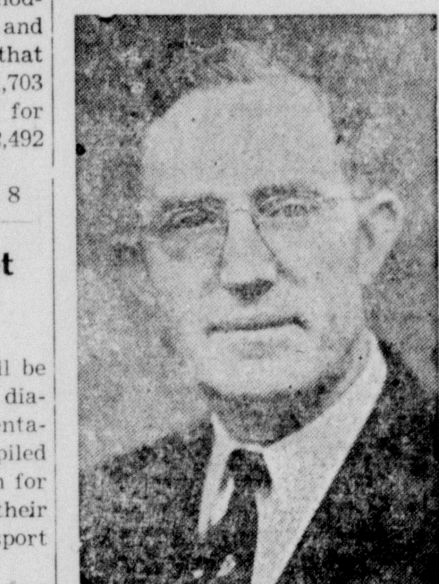

Reports from the office of Elzy Bennett, county tax assessor-collector at Anson, to The Herald this week show that 4,137 poll tax receipts were issued by his office in final tabulations made a few days ago. This number compares with 4,946 poll tax receipts issued in 1948, last election year.

No doubt a good portion of the decline in poll tax payments may be ascribed to the fact that poll tax assessments were not included with property tax assessments as in previous years. The taxpayer had to request a poll tax receipt. Too, efforts to abolish the poll tax payment through constitutional amendment proved confusing to some, no doubt, Bennett says. Measure that would abolish the poll tax as a prerequisite to voting failed to pass in elections held last fall in Texas.

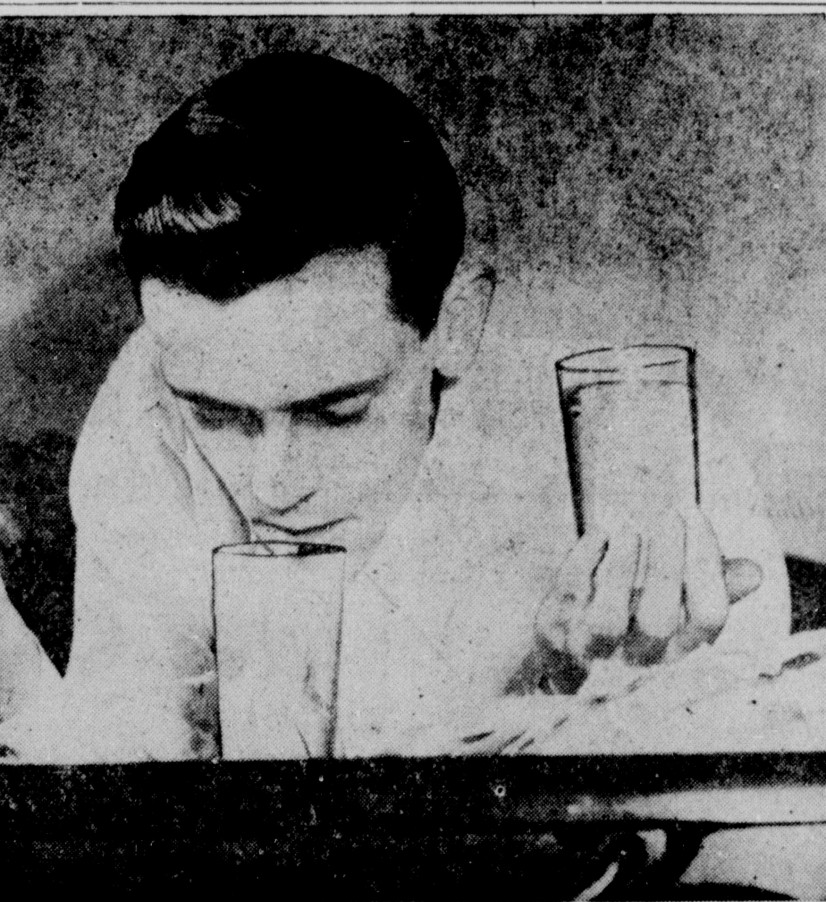

Bennett reports that 94.59 per cent of the assessed county tax for 1949 was paid through mid-February, which is a mighty good record, he believes.

Total of \$323,471.81 was charged on the tax roll by Bennett's office, and \$305,963.45 was cleared from the tax roll through collections.

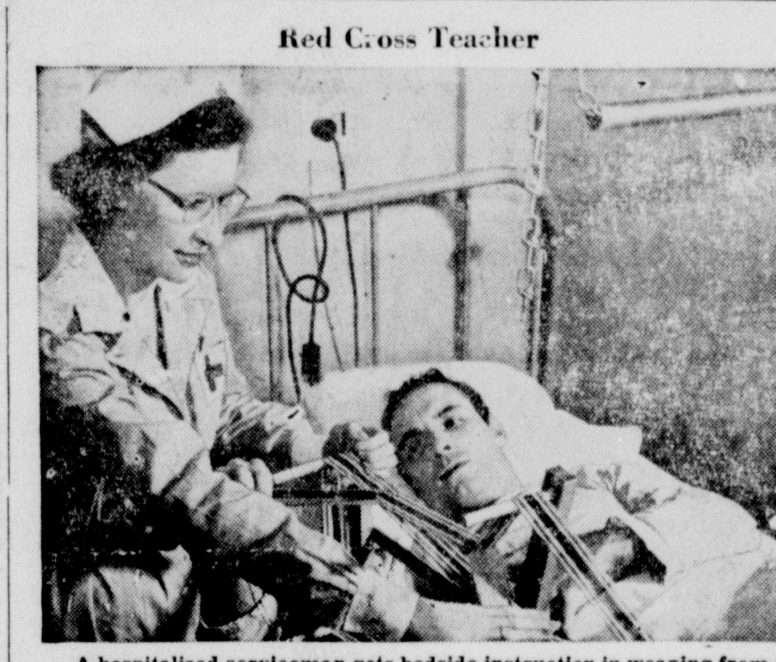

Tax collections in Jones County for the past year have been among the best in recent years.

EVANGELIST in the revival meeting now underway at the Assembly of God Church in South Hamlin is Rev. J. D. Mahaffey of Ada, Oklahoma. Services are being held each evening at 7:30 o'clock.

NON-STOP HICCUPS . . . Slim, 24-year-old Jack O'Leary, who was a grocery store assistant manager before he contracted hiccupps 18 months ago, is still hiccupping and slowly starving to death. His weight has dropped from 120 pounds to 80 pounds since he began hiccupping once a second. Hundreds of letters from all over America suggesting various cures arrive weekly, and Jack tests one of them here. So far, none of the suggestions has helped him.

A hospitalized serviceman gets bedside instruction in weaving from a Red Cross arts and skills volunteer. Diversional therapy for sick and injured military patients is often an important factor in their treatment and recovery.

After Current Drive for Memberships Lakeview Golf Club to Incorporate

Aftermath of a meeting held at the City Hall Tuesday night is a campaign being conducted by members of the Lakeview country club to distribute 150 shares of stock in that club to new members.

Committees are now calling on prospects for the recruiting of this membership in an effort to complete a building program that will provide Hamlin with country club facilities that will be comparable with those of any neighboring clubs. Shares are being offered at a par value of \$100.00 each and if the goal is achieved, a corporation will be formed. The corporation will then inaugurate plans for the construction of a club house and grass greens for the golf course.

The club house is planned as a building of rustic design large enough to accommodate various community gatherings. It is the plan to make this club house available to other than country club activities on a fee system and this would provide Hamlin with a banquet room and recreational room that has been sorely needed by the community for a number of years.

It was pointed out that many of our neighboring towns have been able to use their country clubs as civic centers for larger entertainment projects and suitable decoration and preparation would be permissible in a building of this sort.

The present club is limited to the use of golfers only, but formation of the new membership and building of the clubhouse is planned to permit other recreational activities that will include all members of the family. The leaders in the movement have definitely asserted, however, that the purpose of the club is for family recreation and it is not intended as a club room for drinking and gambling by its members.

Grass greens for the golf course are to be planted with Bermuda and winter grass and facilities are to be provided for adequate watering of the greens.

If public reception of the plan is sufficient, a professional and greens keeper will be employed and lessons in golf will be available to member families.

A reasonable greens fee system will be installed for non-resident golfers but if the 150 projected members are obtained the club will then assume a closed membership complexion.

Junior-Senior Class Benefits at McCaulley

Feature of a benefit program planned for next Thursday night by members of the junior class of McCaulley High School will be the Butane Boys of Abilene, outstanding West Texas musical organization, officials of the class announced this week.

The entertainment will be staged at 7:30 p. m. in the school auditorium. The Butane Boys are regular performers over Radio Station KRBC, Abilene.

Pie will be sold in connection with the evening's entertainment. Proceeds from the evening will be used to help defray expenses of the junior-senior class trip at the close of school this spring.

Dr. House to Speak In Vernon Church

Dr. Will C. House, pastor of the Hamlin First Methodist Church, will leave Monday for Vernon, where he will conduct a week's study course in the First Methodist Church at Vernon.

The course will be on "Teachings of the Prophets." He will return in time for the services in the local church Sunday week.

Gala evening of the year is in the offing for Hamlin's Chamber of Commerce tonight at the elementary school lunch room when the annual banquet of that organization is staged. Indications point to a turnout of approximately 350 members and guests for the event.

Principal speaker of the evening is to be Harold Neely, Fort Worth oil operator, who is in considerable demand as a speaker at such gatherings. No topic of Mr. Neely's talk has been announced but information received from those who have heard the speaker on other occasions indicates that those in attendance are in for a treat.

A resume of accomplishments of the civic body during the past year and an outline of the club's activities for 1950 will be a highlight of the program.

Word has been received from a great many out-of-town guests that they plan to be in attendance for Hamlin's celebration of another year of progress.

Entertainment incidental to the banquet will be provided as private and informal gatherings in various homes throughout the town.

Cotton Allotments Prior to Planting Can Be Arranged

Cotton growers of the Hamlin area and the rest of Jones County can arrange for official measurement of their 1950 farm cotton acreage allotments prior to planting time, the County Production and Marketing Administration Committee announced this week.

To get the pre-measurement service, which is being provided on a cost basis, a cotton farmer must file a written request with the county PMA office prior to May 1, 1950, says Eugene C. Gainous, committee chairman. The rate to be charged for the service in Jones County has been established at \$6 per farm, plus \$1.25 for each plot or field, plus three cents per acre up to the allotment. Payment based on this rate must be made at the time the request for measurement is filed.

"The pre-measurement is purely optional," says Mr. Gainous, "and is offered as a service to growers who prefer to have an official measurement to use as a planting guide."

The chairman explains that all cotton acreage in the county will be measured as soon as possible after the cotton "comes up" to determine compliance with the acreage allotment marketing quota program. When compliance is checked, the farm will be considered to be within the farm acreage allotment if the crop is planted within the pre-measured area.

Parking Meters Net Small Sum First Week

Hamlin's first week of parking meter operation returned \$198.41 in revenue, according to a check-up made first of the week by city officers.

This meant an average weekly run of less than \$1 for the 200 meters which were installed two weeks ago and went into actual use Monday a week ago.

Ada Evangelist Leads Revival Meeting Here

Rev. J. D. Mahaffey of Ada, Oklahoma, is doing the preaching in a revival meeting that opened this week at the Hamlin Assembly of God in South Hamlin.

Services are being conducted each evening at 7:30 o'clock, according to announcement by Rev. G. R. Underwood, pastor, who says the meeting will continue for at least two weeks.

Local talent is being used in the singing. The public is invited to attend the services.

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be corrected, gladly and promptly, upon being brought to the attention of the management.

NEED TO BE TRIED

Influenza, spring planting and the weather have taken back seats in recent days since the installation of parking meters on the streets of Hamlin. The fact that they are being discussed may be a healthy thing for the community, too. Sometimes it takes something out-of-the-ordinary to get people interested in their government and its activities.

However, despite pleadings by members of the City Council, some very definite conclusions have already been drawn apparently by citizens of Hamlin and its environs. The council had urged that people see the machines in operation for a period before passing judgment on them.

Whether or not the parking meters are the proper thing for Hamlin is not for The Herald to determine, but we do wish to declare that they should be given a thorough trial before they are thrown into the trash heap by some of our citizens.

Members of the City Council are just a group of fair-minded business men who are giving of their time and talents in an effort to build our town and manage its affairs in an equitable, business-like manner for the good of the majority of the people. They are due the same consideration that any other group of men who might be selected by the voters to act in their best judgment.

City councilmen naturally had very definite convictions that the parking meters were the proper thing for Hamlin. They had investigated the experiences of other towns that had found them advantageous. The only way they knew to determine if they would be an advantage in Hamlin was to try them.

And their installation in Hamlin on a trial basis was the plan for the parking meters in Hamlin. Most assuredly, if they do not help to solve the parking problem in Hamlin, the citizens will have the opportunity to take action on them after the trial period.

Those fellows on the City Council still ask that final judgment not be passed by the people.

Peace is like matrimony . . . No marriage is successful if two people merely sign a marriage license. And no peace is successful if two or more countries merely sign a peace treaty. Peace must be an every-day living reality. There are no uniforms, no glamor, no brass bands marching down the road to peace. It's an unexciting, humdrum job—just as unexciting as peeling potatoes, which sometimes is so necessary to making a marriage successful.—Oregon Daily Journal, Portland.

It's easier to rise with the lark than after one.

HIGH PRICED SECURITY

It seems to be a political axiom that governmental efforts in the ever-expanding field of "social security" invariably cost far more than the estimates.

England, like many another country, has lately provided evidence of this. The Labor government was recently forced to ask the House of Commons for a very large appropriation to make up deficits for the current fiscal year. It appeared that one major reason for this was the cost of the new universal free medical service plan. The deficit in that case alone, for a nine-month period, was nearly \$3,000,000 pounds, which is well over \$200,000,000 at the official rate of exchange.

The minister of health explained the inadequacy of original estimates by saying that the public had made much greater use of the service than was expected. This bars out the experience with socialized medicine in other nations. A large percentage of the people seem to work on the theory that they might as well get what is coming to them, whether there is any real need for it or not. So even the most honestly and carefully prepared estimates of cost prove sadly wrong—and, as a corollary, doctors find themselves so over-burdened with patients and administrative duties that they are unable to give the proper kind of attention where it is actually needed.

In the United States, many experts are convinced that government estimates of the cost of our proposed compulsory health insurance bill are nowhere near high enough. What is happening elsewhere certainly bears out that opinion.

The most conspicuous lesson of the last four years is that mankind cannot hope for lasting peace, security, social progress, economic advancement and larger freedom outside the United Nations.—Brigadier General Carlos P. Romulo, President of the Fourth U. N. General Assembly.

When Henry Ford was 75 years old, he was asked the secret of his health and calm spirit. "Three rules," he answered. "I do not eat too much; I do not worry too much; if I do my best, I believe that what happens, happens for the best."—Norman Vincent Peale, clergyman and author.

Liberty has never come from the government. Liberty has always come from the subjects of it. The history of liberty is a history of resistance. The history of liberty is a history of limitations of governmental power, not the increase of it.—Woodrow Wilson.

Personal Touch

By Lieta Harkins

GOD SHOWS IN YOUR FACE

You don't have to tell how you live each day; You don't have to say if you work or you play; A tried, true barometer serves in the place— However you live, it will show in your face.

The false, the deceit that you bear in your heart Will not stay inside where it first got a start; For sinew and blood are a thin veil of lace— What you wear in your heart, you wear on your face.

If your life is unselfish, if for others you live, For not what you get, but how much you can give; If you live close to God in His infinite grace— You don't have to tell it, for it shows in your face.
 —Author Unknown.

50,000 Miles - No Wear!

1. Proved by Punishing Road Test! For 70 days, six brand-new cars roared over searing highways along the Mexican border . . . putting sensational new Conoco Super Motor Oil to one of the cruelest tests ever devised. After 50,000 miles of continuous driving, engines showed no wear of any consequence . . . in fact, an average of less than one one-thousandth of an inch on cylinders and crankshafts. Original factory polishing marks were still visible on piston rings!

2. New-Car Mileage! Test engineers were astounded at the remarkable record of economy. Gasoline mileage for the last 5,000 miles of the run was as good as for the first 5,000 miles . . . actually there was an average difference for the fleet of only 4/100 of a mile per gallon. This punishing test . . . equal to 5 years' normal mileage . . . proved that Conoco Super Motor Oil—with proper crankcase drains and regular care—can keep your new car new.

3. New-Car Power! Quicker Starts! Yes—Conoco Super Motor Oil's extra protection keeps that factory flash . . . that showroom smoothness . . . year after year! Conoco Super Motor Oil OIL-PLATES metal surfaces to make your engine last longer, perform better, use less gasoline and oil! Conoco Super Motor Oil virtually stops wear before it starts . . . keeps your engine new and clean. Astounding new Conoco Super Motor Oil proved to be the great new modern wear-fighter!

The Celotexan

By Mrs. O. R. Criswell

Mr. and Mrs. Hershel Ewing and children of Abilene, Mr. and Mrs. Wayne Wainscott were visitors in the L. E. Hines home.

Herman Eaton visited his parents, Mr. and Mrs. L. A. Eaton, last week.

Mrs. Lon Ervin, Mrs. Lillie Birchell and Mr. and Mrs. Tom Campbell visited Jim Burfield last week at Guthrie.

Wallace Campbell of Hawley spent the week-end at the George Campbell home.

Guests of Mr. and Mrs. Lloyd Warnell were Rev. and Mrs. Watson and son, Mrs. Lela Warnell and Sue Warnell.

Mrs. Joe Whitley and Jimmy, Mr. and Mrs. Red Hall of Pixley, California, Mr. and Mrs. Leonard Freeman of Snyder and Mrs. Pauline Nelson of Roswell, New Mexico, were guests at Celotex last week-end of Mr. and Mrs. Monroe Whitley, Mr. and Mrs. Junior Braggs and Mr. and Mrs. C. M. Houghton.

Mr. and Mrs. C. M. Houghton and son spent Sunday night at the home of Mr. and Mrs. Earl Houghton at Rotan.

Mr. and Mrs. Roy Kilpatrick of Abilene visited Mr. and Mrs. J. W. Riddle Sunday.

Mr. and Mrs. G. M. Bond were recently surprised by the visit of

some old school acquaintances: Mrs. Harve Redus, Mrs. J. O. Jones, Mrs. Mae Gregory of St. Joe, accompanied by Sam Redus of Hamlin.

Estelline Carroll of Ryan, Oklahoma, is visiting her sister. Mr. and Mrs. Fred Hemphill visited the T. N. Hemphills on their way to Mississippi.

L. B. Holden, uncle of Mrs. Ira Green, is still very ill at his home in Hamlin.

Iris Ann Criswell, employee of Terrell Laboratories at Fort Worth, and Mrs. E. Dean Criswell of Jerry, were week-end visitors of Mr. and Mrs. O. R. Criswell.

After listening to the tall fishing tales at Celotex, Mrs. H. C. Carr has decided to try her luck fishing.

Mr. and Mrs. M. Rowlin visited Mrs. Alice Lowrance and Mrs. Annie Rawlins at Munday.

Rev. Davis Edens, Methodist minister, will preach at the 11:00 and 7:30 hours Sunday at the Celotex Club House. Everyone is cordially invited.

Mr. and Mrs. Bobby Watts and family of Anson were visitors in the I. D. Acklin home.

Billy Acklin celebrated his fifth birthday with a party at his home in Celotex.

Pink birthday cake, soda pop, and chocolate Easter eggs were served to the following: Rebecca and Odessa Harrison, Joyce Whitley, Jennie and Jessie Hester, Richard Scott, Alvin, Alton and Carolyn Bryant, Kenneth Braggs, Larry Fuller, Bobby, Jimmy and Gary Woolf, Jackie Hall, Wesley and Billy Acklin; Mrs. James Harrison, Mrs. W. I. Hester, Mrs. Lester Scott, Mrs. Lewis Woolf, Mrs. Ray Fuller and the hostess, Mrs. I. D. Acklin.

Lions Gathering Entertained By Colored Group

Program for the weekly luncheon meeting of Hamlin Lions Club Tuesday noon at the Johnston Drive-In was furnished by a group of children from the De-Priest Colored School of Hamlin under direction of Mr. and Mrs. E. S. Morgan, teachers.

"Bells of St. Mary's" was sung by the senior members of the unit. Four little girls gave some timely advice in "Jack and Gill," a song skit. The story, "The Sky Is Falling," about a barnyard incident was presented by Carolyn Miller. Another song was sung by the four little girls.

Colored students participating in the program were Maggie Bolden, Lillie Paige, Ola Douglas, Bobbie Lockett, Roy L. Sneed, John Mayfield, Ida Nell Daugherty, Sarah Oliver, and Carolyn Miller.

Archie Cassie, county chairman for the Red Cross fund campaign, reported that response over the county had been good. In cooperation with Joe Culbertson, the hat passer, they reported getting \$50 from Lions at the luncheon.

President Jimmy Irwin reminded Lions of the District 2-E convention to be held May 7, 8 and 9 at Mineral Wells. He also pointed to the necessity of making reservations soon for the International Lions convention at Chicago, Illinois July 17 to 20, which several Hamlin Lions plan to attend.

Solomon Bates Dies In Rotan Saturday

Solomon A. Bates, 65-year-old pioneer resident of Fisher County, died Saturday at Rotan after a brief illness. He was a brother of Andrew Bates of Hamlin, and was known to a number of Hamlin area people.

Funeral services were held at the Rotan Nazarene Church Tuesday afternoon. Burial was in the Rotan Cemetery.

Native of Arlington, he was born December 17, 1884. Later in 1891, he moved with his parents to Fisher County, settling near Rotan.

NEW EXPERIENCE.

A little girl, visiting her aunt, saw a bowl of cattails on the table. "What are those?" she asked.

"Why those are cattails," said her aunt. "Didn't you ever see cattails?"

"No, not without the cat," replied the little girl.

FRAGILE CHIFFON, lace and other such fabrics when made into collars and cuffs are easily washed if they're placed on a Turkish towel and scrubbed gently with a soft brush. Rinse in the same fashion and spread on a towel to dry.

When pressing an article which has sequins sewed on it, turn the sequins all in one direction and place garment side down on the board. Pad with a soft cloth and cover with tissue paper. Press with a warm iron.

Sweaters can be dried quickly and blocking eliminated if they are laid on a bath towel, then covered with a similar towel. Roll the moisture out with a rolling pin. Towels will keep their fresh air

RECIPE OF THE WEEK

Graham Cracker Roll

(Serves 6)

1/2 pound graham crackers

1/2 pound marshmallows, cut fine

1 cup walnuts, chopped

1 cup dates, cut fine

1 cup thin cream

Roll crackers to crumbs, reserving 1/2 cup. Mix remaining crumbs with marshmallows, nuts and dates. Add cream slowly until mixture is moist enough to hold together. Shape into a roll about 3 1/2 inches in diameter and roll in reserved crumbs. Wrap in waxed paper and let stand in a cold place for at least 12 hours. Cut in 1/2 inch slices and serve with whipped cream.

odor if they are removed from the line just a trifle before they're completely dried. Run them folded through the wringer.

Paint spots on fabrics usually yield to treatment with equal parts of ammonia and turpentine. Saturate the material until the spot loosens. Wash with warm soap suds.

When a tablespoon of glycerine, such as is used on the hands, is added to the last rinse water for blankets, these will have their softness restored.

Many spots on garments can be removed by rubbing gently on the spot with the same material as the spot is on. This is especially effective if done when the stain is fresh.

REASONABLE.

The sweet young thing had broken her glasses. She carefully picked up the pieces, placed them in an envelope and took it to her optometrist.

"Will I have to be examined all over?" she asked as she handed him the envelope.

"No," he replied, "just your eyes."

CLEVER MANEUVERING. Three Scotchmen went to church and everything was fine until the collection basket was about to be passed. They immediately went into whispered conference and solved the difficulty: One fainted and the other two carried him out.

Agent Warns Time Is At Hand Control of Grasshoppers

Grasshoppers are hatching now in large numbers, says County Agent Lehmberg, and he has been warning the farmers in the area and elsewhere in the county to be alert for them.

It is the time to control them, Lehmberg says, "while they are young."

New insecticides used include chlordane and toxaphene. They are quick kill and control longer than standard. They are most effective on weeds along fence rows, ditch

and pasture lands and creek. Young hoppers hatch.

Use: Chlordane and may be used either as dust. Sprays in general are effective than dusts for a longer time. When

sprays, use one pound of chlordane or one and one-half pounds technical toxaphene per acre. To spray one acre, use 100 gallons of spray.

Use the following: Chlordane—One quart 45 per cent emulsion or two pounds 50 per cent wettable powder per 50 gallons of water to one

acre. Toxaphene—Use one quart 55 per cent emulsion or two and one-half pounds 40 per cent wet-

table powder per 50 to 100 gallons of water per acre.

When using dusts apply one and one-half pounds of either technical toxaphene or chlordane per acre when grasshoppers are small. As hoppers grow larger the dosage must be increased for either toxaphene or chlordane.

When hoppers are small use 15 pounds per acre of either 10 per cent toxaphene or chlordane dust. When hoppers are larger, increase dose to 18 or 20 pounds per acre or 10 or 20 per cent toxaphene per acre.

Now is the time to control the hoppers. Do not let them grow and move into cultivated fields later.

Precaution: Do not feed forage treated with these new insecticides to dairy cattle or animals being finished for slaughter. The same applies to treated pastures. At dosages recommended there is apparently no immediate danger to animals being fed or pastured, but these insecticides may be accumulated in the fatty tissues of the animal and are given off in the milk and butterfat.

Mr. and Mrs. Gordon Green and son of Discol and Mr. and Mrs. Robert King and children of Rochester visited with Mr. and Mrs. Earl Brown and W. S. King last week-end.

COTTON QUIZ

WHAT PART DID COTTON BLANKETS PLAY IN THE TRADING OF ANCIENT PUEBLO INDIANS?

ANS: COTTON BLANKETS WERE SPECIAL OBJECTS OF BARTER AMONG THE PUEBLOS. THEY CORRESPONDED TO MONEY, HAVING A HIGH, FIXED STANDARD OF VALUE.

4-H Round-Up

(concluded from page one)

to be exact, and they served a lot more, 519,190; they preserved food, too; 15,742 girls canned 504,406 quarts of food, froze 91,322 quarts and froze another 80,936 pounds of other foods; 37,397 chose clothing for their demonstrations, and during the year they made more than 106,000 garments and remade another 27,566.

You might think that 4-H Club members do nothing except work, but that is not true. They believe in doing the job first, but they also have their fun and recreation programs. They camp, attend meetings, state 4-H Round-Up at Texas A. & M. College, the State Fair of Texas, visit the major stock shows, send their representatives to all meetings, and for the past two years they have been represented in the International Farm Youth Exchange Program. Any good 4-H Club member will tell you there is a time and place for everything—and they know how to mix things up.

4-H Club boys and girls are trained in leadership. They are a cooperative group, for they know there is strength in numbers and unity of purpose, and they are good citizens because they practice demonstration procedures in their meetings and participate in community affairs.

Members of 4-H Club in every section of the state invite you to join with them in the observance of their national week. Visit a member, a local meeting or one of the special affairs they have planned. You will be glad you did for here is a group that is leading the way to better living for a better world.

Visiting in the home of Mr. and Mrs. W. B. Dobbins Sunday were Mr. and Mrs. S. W. Brandon and Mr. and Mrs. Ralph Brandon and children of Wichita Falls, Mr. and Mrs. Clint Brandon and daughters of Anson, Mr. and Mrs. J. H. Morton and Mr. and Mrs. O. E. Brandon and children of Hamlin. Mrs. S. W. Brandon is a sister of Mrs. Dobbins, who is confined to her bed because of illness.

Aspermont Man Speaks at Rotary Club Luncheon

"There is no limit to the achievements of man," declared Rev. C. D. Smith, pastor of the First Baptist Church of Aspermont, when he spoke Wednesday noon at the luncheon meeting of Hamlin Rotary Club. He pointed to the great strides that had been made by this comparatively new nation.

Rev. Smith recounted his examining of old archives of this nation preserved in the library of Congress. Several years ago, he said, he found as a footnote of a national treasurer's report the notation that "We have enough road, railroads and major buildings, so there is little remaining to be done." That was in 1883. His proof of the strides made since then revealed that progress is a constant thing. "The business man of today must be on his toes or he will get behind," Rev. Smith reminded. He pointed to the Bible as a guide for the busy man of today.

John Kee was presented as a new member of the Rotary Club. Orville Kelly presented W. L. Fletcher III as the Junior Rotarian for the month of March. A nominating committee to recommend new officers for the

fiscal Rotary Club year was named by President Pat Marlow. On the committee are J. C. Turner, Ivy Witt and Manny Johnson.

Guests at the Wednesday noon luncheon were Rev. Smith and T. A. Moore of Aspermont, Rex Smith Jr., George Barow, Torm

Conley, Vic Behren and Glen Dugan of Abilene, and Weldon Johnson.

Mr. and Mrs. Harold Bonner and Buna Rountree attended the opera, "La Traviata," Saturday evening at Abilene Christian College.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

NOTE THESE STYLE LINES WELL. They're straight out of the Buick Riviera book—and they cloak interiors that are roomy as much-higher-priced cars.

FORE AND AFT - a Beauty and a Buy

It's lithe, long and lovely—and it calls not just for one look, but for two.

See how this sleek Sedan looks coming down the road—bold grillwork shining, broad bonnet purring with power, and the wide, curving, unbroken sweep of a one-piece windshield giving you horizon-wide outlook.

And spot the pretty picture you make going away. The broad, wrap-around rear window and topside styling in the Buick Riviera manner.

The graceful, spacious trunk, the "double bubble" taillights, the sense of high-fashion fleetness in everything from rear fender lines to the curve of the roof.

Yes, that's beauty—beauty in the unmistakable Buick manner. But observe also:

Interiors are extra roomy in all dimensions. The biggest you can buy for the money, we believe—and bigger than many higher-priced cars.

And, since this is a Buick SUPER, there's sensational new power under the hood—Buick's own F-263 Fireball straight-eight, this year's big news in valve-in-head power.

Yes, when you go stepping in this one, you'll really step—with roominess and top-drawer styling and the level going of all-coil springing—yes, and Dynaflo Drive® too, if you choose—making your pleasure complete.

The price? Well, drop in on your Buick dealer, ask about the SUPER 126 and be prepared for happy listening. Here's a buy—so grand a buy you'll lose no time getting behind a Buick wheel.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Features like these mean BUICK'S THE BUY

HIGHER-COMPRESSION Fireball valve-in-head power in three engines, five hp ratings. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with bumper-guard grilles, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • DYNAFLO DRIVE standard on all ROADMASTERS, optional at extra cost on SUPER and SPECIAL series • WIDE ARRAY OF MODELS with Body by Fisher.

WHATEVER YOUR PRICE RANGE

COUP D'ETAT

(A Short Story)

By RICHARD HILL WILKINSON

MRS. ERNESTINE Van Beetle was having an attack of kindness. She had been reading books in which gracious, aristocratic ladies, bored with the glitter and glamour of high and fast society, had turned to charity for relaxation and relief. Charity work had proved, for the ladies in the story books, most gratifying. Their names, pictures and deeds had been exploited in the newspapers.

There had been a great to do over the activities of Mrs. So and So and Mrs. This and That (in the story books.) Both ladies had benefited immensely, for example, Mrs. So and So, having had her name, picture and the accounts of her deeds in the newspapers dozens of times, thereby winning for herself the acclaim of the masses,

With this Mrs. Van Beetle had to be satisfied.

had been welcomed back to the fold of high and fast society, from which she had been on the verge of being ousted for no better reason than that her husband's fortune had suffered as a result of the stock market crash. High and fast society always has a place for anyone who has won honorable attention.

Thinking of Mrs. So and So's story book experience, the heart of Mrs. Van Beetle began to thump with excitement. Her

With this Mrs. Van Beetle had to be satisfied. She took a rather haughty departure, but once more back in the warm comfort of her limousine she reconsidered. She must not, she told herself, permit herself to be annoyed by the attitude of an ignorant country editor.

And so Mrs. Van Beetle dismissed the attitude of the country editor from her mind, and directed Meadows (his real name was Lavinsky) to drive to the slums, or at least somewhere near the slums. She spent the day calling on poor families. Astonishingly, skepticism vanished from the faces of housewives when she explained her mission. Most assuredly they would contribute to a community Christmas dinner for the poor of Brookridge. A very worthwhile movement.

During the following week Mrs. Van Beetle added to the community dinner fund. She visited literally dozens of homes in Brookridge and was surprised at the response to her request. From time to time she mailed to the country editor and other editors elaborate accounts of her activities, but was annoyed to discover the accounts were sadly depleted when they appeared in print.

Christmas morning Mr. and Mrs. Van Beetle and a half dozen friends, invited to attend in much the same manner as the Van Beetles would invite them to attend a theater performance, went early to the town hall and made last minute preparations. At 12 o'clock the Van Beetles and the Van Beetles' friends seated themselves at strategic points about the great table.

The doors were thrown open, but annoyingly there was no great influx of Brookridge's hungry poor. In fact there was no influx at all. Mr. and Mrs. Van Beetle and their friends were surprised and annoyed. They couldn't understand it. They made inquiries, but

Lions Rush To Make Style Show Complete

Final week of preparation for the Style Show and Womanless Wedding to be staged by Hamlin Lions Club is finding many members of the organization in a "dither."

It seems that the club is in earnest in its declaration that no member is to be excused from participation in the big event.

The plan as formulated by B. V. (Chink) Newberry, calls for no rehearsals whatever prior to presentation of the Womanless Wedding and roles to be enacted are to be a complete surprise to the participating cast.

Variety acts will be interspersed and one hour and 20 minutes of entertainment are projected for the audience.

Admission prices for the affair have been announced as fifty cents for adults and 25 cents for children.

Band Uniforms Here To Be Displayed

Band uniforms have arrived for members of the Hamlin High School band and first display the new togs will be made Thursday, March 16, at 2:10 p. m. at the high school auditorium.

The uniforms are in the Hamlin colors of green and white and are complete with visored caps, Sam Browne Belts and citation cords. They are tailored in the traditional coat and trousers ensemble.

The school authorities have expressed a great appreciation to the Style Cleaners for their splendid cooperation in obtaining the uniforms from the Price tailoring

firm at complete sacrifice of profit from the transaction.

LESSON FOR HIM.

"Did you give your wife a lecture on economy?"

"Yes."

"Any results?"

"Yes, I gave up smoking."

Mrs. J. I. Steed and Miss Emma Harris returned home Monday from Dallas, where they had spent 10 days. Marjorie Nell Steed remained in Dallas to attend a business college.

Hendryk Hudson's ship was named the Half Moon.

Visiting in Hamlin Sunday in the home of Mrs. J. N. Hubbard and Clyde were Mr. and Mrs. C. B. Hubbard and daughter, Marilyn of Ozona, Mr. and Mrs. J. A. Eddington and daughters, Lue and Sue, of Abilene, Mr. and Mrs. Lee Cremalga and children, Lynn and Vivian, of Lubbock.

Wedding Announced of Mary Alice Butler

Mr. and Mrs. Ed Butler of Anson are announcing the marriage of their only daughter, Mary Alice, to Private First Class Roy Lee Norman, son of Mr. and Mrs. D. Y. Norman of Anson.

The double ring ceremony was performed February 27 by Rev. Henry M. Chambers, minister of the First Baptist Church in Anson.

The bride was attired in a navy blue crepe dress featuring a sweetheart neckline and accordion pleated skirt. Her corsage was of pink carnations.

Only attendant was Trixie Young of Stamford.

Mrs. Norman is a graduate of Anson High School and a former student of Draughton's Business College at Abilene. She is employed as a stenographer by the Commercial Credit Corporation in Abilene.

Private Norman is also a graduate of Anson High School. He is stationed at Keesler Air Force Base at Biloxi, Mississippi.

After a short while Mrs. Norman plans to join her husband in Mississippi.

Woman's Literary Club Met Friday

The home of Mrs. I. R. Huchingson was the scene Friday afternoon when the Woman's Literary Club met for the annual Texas Day program.

Mrs. Ernest Jenkins was in the chair during a short business session.

Mrs. Tarlton Willingham talked on parliamentary procedure. The club in unison, led by Mrs. O. D. Roland, read our state song, "Texas, Our Texas," for roll call.

Mrs. W. C. Weir was director for the day. After her introduction of the program, "Texas Looks Into the Future," the following parts were given by members: "Our National Park, Big Bend," by Mrs. W. A. Albritton; "Our Natural Resources" by Mrs. Art Carmichael; "Mexicans in Texas" by Mrs. Weldon Johnson.

Present for the gathering were Meses. Henry Albritton, J. N. Burditt Jr., Stan Carmichael, Edgar Duncan, John D. Ferguson, John Howard Jr., W. T. Johnson, Dick Maberry, L. H. McBride, R. D. Moore, O. D. Roland, Bill Shira, Wallace Walton, O. R. Riddell, W. A. Albritton, Art Carmichael, Weldon Johnson, Jenkins, Weir, Willingham and Huchingson.

Methodist Women Study Japanese

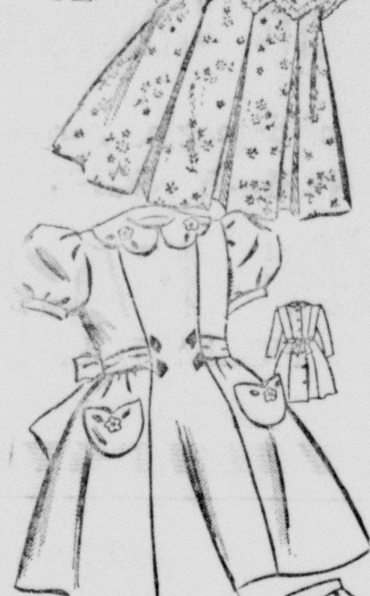

"Christian Advance in Japan" was the topic discussed at the meeting of the Wesleyan Service Guild at the First Methodist Church Tuesday evening. Maggie Mae Seymore brought an interesting talk on "Life in Japan Today." Mrs. Anna B. Sills discussed "Revolutionary Changes," and Mrs. Mary Farow gave an interesting talk on "The Future of Japan."

Viola Avants had charge of the devotional in which she discussed "Our Christian Brothers Overseas." Mrs. Fred Carpenter had charge of the business meeting.

Mr. R. L. Harris returned home last Thursday from Dallas where he had visited for several days.

Mission Books Subject of WSCS Studies

Members of the Woman's Society of Christian Service will begin Monday a series of studies of mission books that will give them a new insight into the work being done abroad by the Methodist Church, according to officials of the organization.

"Missions at the Grass Roots" by Dr. William P. Shriver will be the first book, and "Where Does Missions Begin?" will be the first study by Elbert Fomby, beginning next Monday.

Mrs. Joe McCrary will review the second study on March 20, when the topic will be "Conversation Concerning Community." "A Look at the Church" will be the subject for April 10 when Mrs. C. P. Yates will be in charge of the study.

Mrs. Don Gould will direct the study on April 17 when the study topic will be "What Does Youth Want and Expect?"

"The Plight of Old Age" is the topic for May 8 when Mrs. Brad Roland will lead the study.

"A Common Front" will be the study topic May 15 with Mrs. Tom Teague in charge.

WILSON RETURNS.

M. C. (Guy) Wilson returned to work at his hardware store this week after a two weeks absence because of a major operation in an Abilene hospital.

Fidels Matrons Meet in Richey Home

Mrs. R. C. Richey was hostess at a meeting of the Fidelis Matrons Sunday School Class of the First Baptist Church last Thursday afternoon. She was assisted by Mrs. Elmer Brewer and Mrs. C. L. Meyner.

After a short business session the members enjoyed a message on "Religion in the Home" presented by a guest speaker, Mrs. Etta Stephenson.

The hostesses served ice cream and cake. The next monthly meeting will be with Mrs. Carl Young.

Camp Fire Principal Schedules Visit Here

Lois Jarrell, regional field advisor for Camp Fire Girls, Inc., will be in Hamlin Wednesday morning, March 15, with Kathleen Crawford, district leader of Stamford. They invite mothers of Blue Birds and Camp Fire Girls and their leaders and guardians to meet with them at 9:30 o'clock at the Hut.

Miss Jarrell brings greetings from national headquarters. Local leaders say, "it is our happy privilege to have her with us through Birthday Week."

Jason, of Greek mythology, led the Argonauts in search of the Golden Fleece.

feline, quenced it over the Atlantic cat show held recently at the
Hotel McAlpin in New York City. Proceeds of the show were set
aside to aid several institutions of charity. It is spoken that a mouse
may look at a queen, or a princess as the case may be, but whether
a mouse would like to get close enough to survey this queen is
doubtful.**Johnnie Agnew
Candidate For
Commissioner**I wish to announce my inten-
tions of making the race for coun-
ty commissioner of Precinct 1. I
am 45 years of age, was born in
the county and have lived in this
precinct for the past 32 years.I feel that the responsibilities
of this office are very large and
require a lot of time and concern.
If I should be successful in getting
this office, I have but one promise
to make, and that is to do my best
and be fair and impartial to all
alike. I would invite constructive
criticism at any time, feeling that
the office belongs to the people of
the precinct, and I their servant.I have farmed all my life prin-
cipally. Still I have worked for
the public at intervals. I have
held many civic non-paying res-
ponsible places that I have been
honored in having and have done
the best that I could.I know that two good men have
already announced for this office.
They are my friends. I am not
running against them but running
with them. I hope to see every
one before July.

**Veteran
News**Q—I have a service-connected dis-
ability which doesn't bother me
too much at present. How long
will I be eligible for admittance
to a hospital for this disability?
A—Hospitalization for a service-
connected disability is available to
you during your entire lifetime
under present laws.Q—I am the unmarried daughter
of a World War I veteran who
died recently. Although I am
30 years old, I have been de-
pendent on my father all my
life because of a spinal injury
when I was 8 years old. Am I
eligible to receive a pension?
A—If the facts are as you state,
you may be eligible to a pen-
sion. Application may be made
at a post office, or at the de-
partment of Veterans Affairs, which
your case will be adjudicated by
VA on the basis of evidence
you submit.Keeping barnyards well drained

In Japan Exercises**Participating in the combat ef-
fectiveness program at Kobe
Base, Japan, is Corporal Elbert L.
Grimes of Route 3, Hamlin, a
member of the Headquarters and
Headquarters Company, reports a
release to The Herald from the
Eighth Army in Japan.While the primary mission of
Kobe Base is to furnish supplies
to troops in Southern Japan, mili-
tary training is also an important
part of every-day life. Weapon
firing to acquire proficiency in
arms is a basic requirement of
every soldier.Included in the weekly train-
ing program are the chaplain's
hour and troop information pro-
gram covering a wide range of
subjects intended to encourage
the development of moral respon-
sibility and to keep the soldier
abreast of current events.Emphasis is placed on personal
appearance and military courtesy.
High standards of discipline are
necessary for the success of our
occupation in Japan as well as in
battle.Corporal Grimes is the son of
Mr. and Mrs. Elbert M. Grimes.
He entered the Army in June,**Vic Vet says**AVOID RISK OF LAPSING YOUR

Camp Fire Girls Trace Growth in Hamlin Area Through Leader's Report

Growth of the Camp Fire Girls movement in the Hamlin area has been outstanding during the past years, reports Kathleen Crawford of Stamford, district executive, who is a frequent visitor to this Northwest Jones County city.

The West Texas Area Council has been interested in the history of that organization, Miss Crawford says, who supplies The Herald with the following pertinent information:

The West Texas Area Council of Camp Fire Girls was planned in 1944 by citizens of Stamford, Aspermont and Haskell under the leadership of Harriett Dively. It was chartered January 1, 1945, with 149 members, because need was felt for a permanent program for girls. A budget was created and an executive spent the year of 1945 organizing the area, with a resulting spread of interest to 30 towns, one of which is Hamlin.

Two groups are now organized in Hamlin, a junior group called the Blue Birds, who are under the leadership of Mrs. Kenneth Parker, having been with Mrs. Don Gould until recently; then Mrs. Ruby Moore is guardian over the intermediate group called Camp Fire Girls. In all there are 26 girls enjoying the fellowship one with another in these organizations.

In organizing a Camp Fire Girls group there must be as many as six girls and a leader or guardian who is 18 years or older and an assistant guardian. In addition, some one must act as sponsor, sign the group charter and help the guardian.

The West Texas Area Council has sponsored camps for four years. Two of the camps are area camps at Lueders and Cisco, which lasted five days, and did much to stimulate interest by forming acquaintances and friendships among the groups from different towns. These camps were expensive, however, so the next year day camps were held in several towns in the area. These were well attended and much was accomplished.

Camp Wetexaca (meaning West Texas Area Camp) was held last summer at Buffalo Gap, which was found to be a delightful spot, and plans are being made to go there again this summer.

The Council and Camp Fire are being supported by the Community Chest and local donations by interested towns. Publications have been very cooperative in most towns (and we can add The Hamlin Herald as one of the good ones) in the interest of Camp Fire activities.

Camp Fire Girls have reached their fortieth birthday and are celebrating Birthday Week beginning Sunday, March 12, and continuing through Saturday, March 18. This period will be filled with activities centering about the girls' explorations to discover applied and fine arts in their homes and community.

Kathleen Crawford, executive of the 1950 national birthday project, "Discovery Unlimited—An Adventure in Creative Living." Without the fine and applied arts that so many of us accept as a matter of fact, we would truly live in the dark ages, Kathleen said.

Even though our lives and homes and communities are filled with examples of fine arts, most persons avoid using the word 'creative.'

"Camp Fire Girls deserve a vote of thanks from all Hamlin citizens for directing our attention to creative living. Will the twentieth century be recorded in history as the 'canned age' when everything from music to minor miracles came in packaged form? Camp Fire Girls think not . . . and to prove their point they are observing the fortieth anniversary of Camp Fire's founding with a national birthday project, 'Discovery Unlimited.' Although the project is a year-round activity, it will reach its peak during Camp Fire Girls Birthday Week, the week of March 12-18.

Water Study To Come Up Over Widespread Area

Hamlin area citizens interested in the water problems of this West Texas region are invited to attend one or more of several meetings of the Texas Water Code Committee, created by the fifty-first Legislature for the purpose of making a study of the water laws of Texas.

Regional meetings will be held in this territory at Amarillo at the Herring Hotel Monday, March 20, in Wichita Falls at the Texas Electric auditorium on March 21 and in Stamford at the Country Club on March 22. All hearings will convene at 9:00 a. m. and continue throughout the day.

All persons and organizations interested in the administration and revision of the water laws of Texas are urged to attend these hearings and to submit their views on the subject. Based upon the information obtained at these and similar hearings, the committee will submit recommendations for the revision of the water laws at the regular session of the Legislature next January.

Deficiencies of iron and copper, resulting in anemia, are common in pigs raised without access to soil.

5. Henry Hudson's ship was known as the (a) Half Moon, (b) Full Moon, (c) Quarter Moon, (d) Three-Quarter Moon.

ANSWERS

- 1.—(a) Western Africa.
- 2.—(c) Mental capabilities. It is a method of determining a student's chance in college.
- 3.—(b) A ruling house of France.
- 4.—(c) Haven of cloppers. A small town in Scotland.
- 5.—(a) Half Moon.

NATURAL RESULTS.

Then there was the one about the returned G. I. who decided to go into the poultry business. He bought himself two dozen hens and a rooster. He started out feeding his flock on bran mash. Then changed to half bran and half sawdust. The chickens did so well on this mixture that he cut out the bran altogether and fed them straight sawdust.

The hens began to lay. The eggs he set under an old hen and waited to see what nature would produce. When the eggs hatched out, 11 of the chicks had wooden legs and one was a woodpecker.

Hamlin Births

Mr. and Mrs. Edwin Pritchard are entertaining a new son, who discovered America Thursday, March 2 at the Stamford Hospital. Weighing in at nine pounds four ounces, the youngster has been named Eddie Carlton.
